

ETC2021 Split
Medical Clearance and Sanitary Protocol
as of 21 April 2021

General Information

In order to be able to host the European Athletics European Throwing Cup (the „Event”) in Split/CRO on 8-9 May 2021, the Local Organising Committee - in agreement with the Croatian Government Administration and European Athletics - developed the following set of **mandatory sanitary and medical rules and procedures**.

By registering (or being registered) for the Event, **you** (or the person you are registering) **agree(s) and commit(s) to strictly follow** these rules and procedures.

Violation of these rules and procedures **may result in sanctions such as the revocation of the accreditation** issued and prohibition of attending the Event.

Note: the sanitary and medical clearance procedures described in this document may change in accordance with the development of the COVID-19 pandemic situation in Split and Croatia. Updates to the document would be circulated as necessary in due time.

Sanitary Rules
